- **2008 – 2010, Owner / Web Developer, Iacono Software.**
  - Building and hosting websites for local businesses.
  - Repairing misconfigured servers.
  - Providing service level on-call customer support.

- **Projects / Technologies:**
  - **September 2010 - Present, Kromas Chiropractic:**  
Wordpress, PHP, MySQL, HTML, CSS, and JavaScript
- **2007 – 2010, Web Developer, Mickey's Deli.**
  - Building an online ordering system on top of existing eCommerce framework.
  - Researching cost effective point-of-sales solutions.

## Personal Experience

- **March 2005 – Present, Plugin Developer / Moderator, Alliedmods.**
  - Researching new methods to modify the Source Engine.
  - Developing extensions and plugins for extending the SourceMod platform.
  - Moderating new plugin submissions, guarding against malware and buggy behavior.
  - **Projects / Technologies:**
    - **May 2007, SHVector SourceMod Extension:** C++, SourceMod
    - **May 2007, Regex SourceMod Extension:** C++, Regular Expressions, SourceMod
    - **April 2007, TempEnts SourceMod Extension:** C++, Source SDK, SourceMod
    - **April 2007, Signature Scan SourceMod Extension:** C++, SourceMod, Source SDK, IDA
    - **2006 - Present, War3: Source:** EventScripts (early 2005 versions), SourceMod, C++, Source SDK, PHP, MySQL, SRCDS
    - **2006 - Present, Superhero: Source:** SourceMod, MySQL, Source SDK, SRCDS
    - **2006, HL2 Options Menu for Novint Falcon:** C++, Source SDK
- **2005 – 2007, Software Engineer, Janus Syndicate Machinima Group.**
  - Writing custom plugins to help create inventive Machinimas.
  - Building and maintaining official website.
  - **Projects / Technologies:**
    - **2015 - GoldenAdmin:** C++, Source Engine, SRCDS

## Volunteering

- Founded an after-school Computer Science program.  
Palos Verdes High School

**2010 – 2012**

## **Awards**

- **2011, Very Special Person Award, Palos Verdes High School Staff.**
  - Given as a tribute to my after-school Computer Science program.

## **Projects**

- For a (mostly) complete list of projects I've worked on, please see:  
<http://iaconosoftware.com/Projects.doc>
- Many of the projects I've worked on with are open-source and free to use.
